Every now and then  
When the world steps in  
Stealin' all our time away  
It soon takes so much  
We forget to touch  
That's when I know It's time for me to say

Take my hand  
Let's walk through love's door  
And be free from the world once more

Here's my arms  
We can hide today  
And love the world away

Once again we'll be  
where our hearts are free  
And the time is ours to share

Love will always stay  
Just a touch away

Come with me  
All the magic's waiting there

Take my hand  
Let's walk through love's door  
And be free from the world once more

Here's my arms  
We can hide today  
And love the world away

We can love the world away
